

# TogetherSoft/WebSphere Development Learning Tracks

Below is a suggested course roadmap for developers who want to become an expert in TogetherSoft ControlCenter and/or IBM's WebSphere Application Server (WAS) and other related IBM products. All WAS courses can be delivered on version 3.5, 4.0 or 5.0 (when available). Please check our complete course listing to determine which courses best suit your needs or call toll-free (888)211-3421 for a free consultation.

## TogetherSoft Quickstart Workshops\*

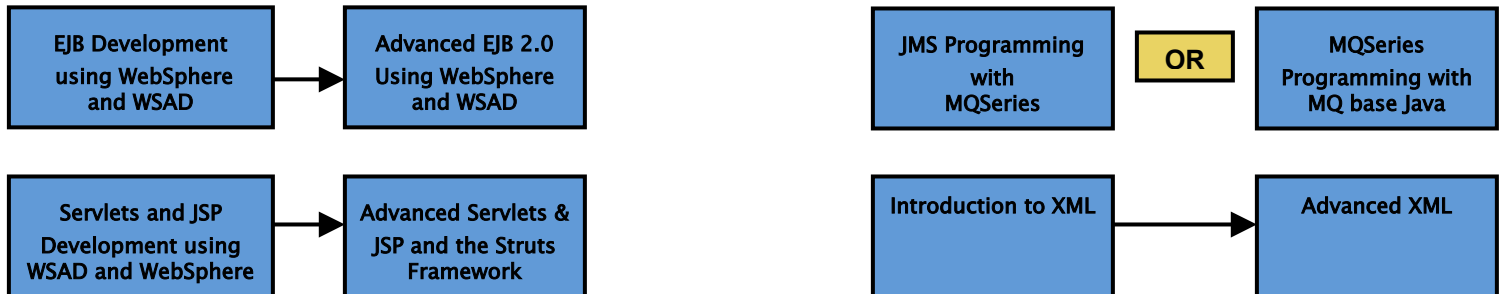

(\*These are TogetherSoft Certified Courses)

## Enterprise Application Development Using IBM Technologies

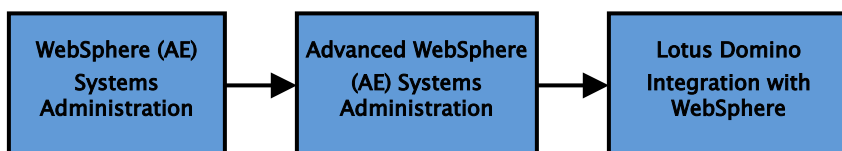

## Specialized J2EE Technology Courses

WebSphere Studio Application Developer (WSAD) Fundamentals  
(For developers already familiar with Java and J2EE technologies)

## WebSphere Administration

Full course information and outlines can be found on our website at [www.inferdata.com](http://www.inferdata.com) or by calling 888.211.3421.
